The exciting and boring chess

Playing chess with my dad is sooo fun. Just then my little brother comes, there is shouting everywhere and so easy to beat him. "SO BORING"

"Wake up early or late?" "LATE!!!"

More sleep time. Don't need to wake up at 7.00 we can wake up at 9.00 because online school is at 11.00!

The best News Round! NO CLUBS!

Learning things at news round is cool. It explains what people are doing in other countries. Just listen and then you learn.

NEWS ROUND!

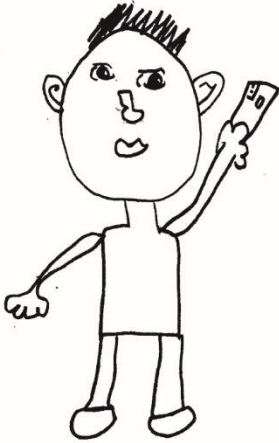

Skipping my favourite clubs is sooo bad. NONO it wont start a 11.00 it will start at 7.30. Because school is at 11.00 not clubs. I hate online clubs.

Westminster's LIFE UNDER LOCKDOWN

We have all been living through unprecedented measures to protect our health and the safety of others. In a series of Cartoon Museum workshops in Westminster during Summer 2021, young people gained the skills to produce cartoons and comic strips reflecting some of their own experiences during these changing and challenging times.

Participants from City Lions, Family Lives, Fourth Feathers, Dream Arts 'Friends From Afar', Tresham Centre, and Westbourne Park Family Centre worked hard to produce the work in this book.
